

Module description

Name of module:	Product Life Cycle Management
Keywords:	
Module number:	Not compulsory
Target groups:	exchange students
ECTS - Credits:	2
Language of instruction:	English
Module owner:	Prof. Dr.-Ing. Wolfgang Guth
Date of last change:	30.09.2015

Extent of work (hours)

Workload	Contact hours	Self study	Exam preparation
60	25	25	10

Prerequisites:	
Total target:	Understanding of the main requirements for an efficient production to design-results and design processes.
Module number:	Not compulsory
Module content:	<ul style="list-style-type: none">• Application of CAE techniques for product life cycle management.
Reference material:	Lecture documents
Offered:	SS
Relevance for other study programs:	Automotive Engineering

Submodules and assessments

Title of submodule:	
Type of instruction / form of learning:	Lectures, practices
Hours per week:	2
Target groups:	exchange students
Aims, learning outcomes:	See above
Estimated student workload:	60 h
Type of assessment:	Written exam, individual semester project
